

# To infinity & beyond...

The man on Saturn and the man on Mars have gone missing! Bob (Man on the Moon) needs some help looking after the moon. The children in Wren Class will learn what it takes to be an astronaut and explore space.

## Art, Design & Technology

We will begin our DT unit.

- Moving images (Keith Haring & Mr Doodle inspired)
- Alien craters
- Make lunch for Bob

## English

We will read Bob on the Moon and Bob's Best Friend.

- Non-chronological reports on the planets in our solar system
- Character descriptions
- Innovate the story of Bob on the Moon.
- Instructions (linked to science)

## Magic Spell

We will continue to work on Phase 6 of Letters and Sounds.

- Commas in a list
- Tenses
- Apostrophes for contractions – don't, can't, isn't etc.
- Conjunctions – because, and, if etc.
- Recap expanded noun phrases – the yellow hat

## RE & PSHCE

With Mrs Morris, the children will discuss people in Christianity and complete a PSHCE unit on family and friends.

## Music

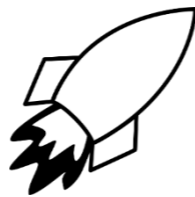

With Mrs Warrington, the children will look at the Charanga Music unit called Friendship Song.

## Computing

With Mrs Warrington, the children will begin to use Purple Mash programs to question, investigate and calculate.

## PE

Our PE units will be gymnastics (points of contact) and outdoor adventurous activity (with Miss Jackson).

## Maths

We will look at multiplication and division.

- Recognising, making and adding equal groups
- Using the x and ÷ symbols
- Using arrays
- 2, 5, 10 and 3 times tables and their corresponding division facts.

We will then move on to 2D and 3D shapes.

## Science

We will begin our animals unit.

- Basic needs
- Animal babies
- Growth
- Exercise and food

## History

We will look at key people, events and changes in history. The children will develop their chronological understanding.

- Neil Armstrong
- Tim Peake
