Easter Lunchtime Fun

This year, we are delighted to report a strong response to our Parent Survey, with 80 submissions! We greatly appreciate the time you took to share your views and feedback. Your input is invaluable in helping our school continue to improve and provide the best possible experience for our children and families.

Your feedback, [can be found here](#). Our responses have also been compared against national data to support our further improvement. The top results are:

Top results compared to Ofsted Parent View			Strengths: Top 4 results	
+20.5	The schools gives my child with SEND the support they need to succeed	100%	Would you recommend this school to another parent?	
+16.1	When the school makes decisions, it has the child's best interests at heart.	100%	My child/children are happy at this school.	
+16	Would you recommend this school to another parent?	99%	The school gives my child/children the right support to enable them to learn well	
+14.6	The school gives my child/children the right support to enable them to learn well	99%	My child feels safe at this school	

Healthy Schools Award Success Feedback

"Meldreth Primary School is proud to have achieved the Healthy Schools Award, recognising its strong commitment to supporting pupils' health, wellbeing and resilience. Students play an active role in shaping school life through leadership opportunities such as School Council and peer mediators. Their feedback has led to more inclusive playtimes, with new initiatives like a playground disco, quiet reading area and buddy bench."

“The school provides a wide range of mental health support, including targeted interventions and wellbeing activities, ensuring pupils feel supported and able to thrive. Physical activity is a key focus too, with initiatives like the Daily Mile, sports coaching and active travel improvements encouraging healthier lifestyles.”

“Healthy eating and sustainability are embedded through cooking, gardening and pupil-led discussions, while inclusive practices—strengthened through the PINS project—ensure all children, including those with additional needs, are well supported.”

“Strong partnerships with families, including initiatives like Bedtime Story events, further enhance wellbeing and engagement. Overall, the award reflects a positive, inclusive school culture where pupils feel safe, supported and empowered.”

Parent Support – Pinpoint Sessions

Pinpoint Cambridgeshire offers free parent support, workshops, and presentations for families of children with additional needs. [Recent sessions in school](#) have covered:

- Managing emotions, anxiety, and behaviour
- Sensory needs, autism, and ADHD

[View and book upcoming Pinpoint sessions.](#) Sessions are online and in-person, led by experienced professionals and parent carers. Families can also join network meetings to share experiences and shape local services.

Important Information for Parents: Meningitis and Infection Prevention

We are writing to remind parents and carers of the importance of everyday infection prevention measures following recent reports of meningococcal disease. While the risk of transmission remains low, meningococcal infections can spread through close and prolonged contact. As children interact closely at school, reinforcing simple hygiene practices can help reduce the risk.

We ask parents and carers to support the following:

- Encourage regular handwashing with soap and water, especially before meals and after coughing or sneezing
- Promote good respiratory hygiene, such as covering coughs and sneezes with a tissue or elbow
- Remind children not to share drinks, food, water bottles, or other personal items
- Keep children at home if they are unwell to help prevent the spread of infection

If you have any concerns about your child's health, please seek advice from your GP or healthcare provider. You can find the Public Health Agency's recommended isolation periods [here](#).

UK Health Security Agency

Think measles!

Measles is circulating, it's very infectious and can make you very ill if you catch it.

You can catch measles at any age. If you are unvaccinated and get measles you can easily spread the illness to anyone unvaccinated. The MMR vaccine is safe and effective. You need 2 doses of MMR at least one month apart to be fully protected against measles, mumps and rubella. It's time to make measles a disease of the past.

It's never too late to be vaccinated.

Measles symptoms include: high fever, sore, red, watery eyes; coughing; sore and feeling generally unwell; a blotchy red brown rash, which usually appears after the initial symptoms.

If you or your child have symptoms of measles, contact NHS111 or speak to your GP Practice.

The poster includes a QR code, a close-up of a red, swollen eye, and a close-up of a red, blotchy rash on skin.

Each eligible pupil will receive a £20 voucher over Easter

Families who are currently paying for school meals will save around £450 a year for each primary school child if they are [entitled to free school meals](#).

Preschool News

What a busy and fun-filled term we have had! It has flown by so quickly, and the children across both rooms have done amazingly well, taking part in a wide range of engaging activities and showing great progress across all areas of the EYFS. This week, we celebrated with our Easter party, which was a great success. Although the weather meant not all of our planned activity stations could be set up, the children still thoroughly enjoyed taking part in the Easter egg hunt, Easter potion station, and tucked into a fruit buffet with a variety of healthy fruit options, alongside rice crispy cakes they had made themselves. All the children successfully found the hidden Easter eggs and, at the end of the party, received a chocolate egg and party bag.

A huge thank you to those who were able to join us. If you were unable to attend, please do not worry, the children have been celebrating throughout the whole week alongside their ongoing learning and development, and we look forward to many more special celebrations together. It has been lovely to see the children's excitement and enthusiasm, and we are incredibly proud of all they have achieved this term. We hope you all have a fantastic half term, and we look forward to seeing you on Monday 13th April.
