

# WREN SIGNPOST

## OUR YEAR IN WREN

Mrs. Morris has thoroughly enjoyed taking you to the woods to complete Nature Detectives this year.

For our flash back today I would like you to make an information poster to show the Year 1s how to make a den or bug hotel in the woods.

You can show a range of different sentences. You could start with a question.

Have you ever built a den in the woods?

You will include commands.

Peg the material.

Remember posters need to be informative and eye-catching.

## MOVE UP TASK

Complete the Nature Detectives review sheet. You can write or draw pictures.

## MATHS

Our maths flashback this week is... TIME

Let's think about an hour. How many minutes in 1 hour?

Sort the items in to things you can complete within an hour and things that would take longer than an hour. Can you add your own ideas?

You don't have to use the images below, you could write a list in your home learning book to show this.

## TOPIC

Classes around the school are sharing their knowledge to support children moving up.

Create a PowerPoint or leaflet to tell children about Year 2. Discuss the skills and knowledge you have learned, include information about topics and classroom routines.

Try to do some work on each of the tasks but do try and do **more** about the one you like the sound of most.

**Ask a parent to upload your work to Tapestry.**

## SPORTS DAY

Today is the last day to complete our virtual sports day activities. Complete the last three challenges.

### 4. Standing Long Jump

Jump forward from two feet to two feet. Use a tape measure to find your score. Record your best jump from three attempts.

Scoring  
Up to 50cm 5 points  
50cm to 1m 10 points  
1m to 1.5m 15 points  
1.5 to 2m 20 points

### 5. Balance Ninjas

Find a piece of equipment to balance on. Using one foot only how long can you balance on that foot? You have up to 60 seconds. The points scored will be the number of seconds you balanced for.

### 6. Super Shuttle Sprint

Mark out a 3m distance using two cones or markers. How many times can you run around the two cones in 30 seconds? Scoring - one complete loop (around both cones) counts as 5 points, so two loops = 10 points etc.

Let me know how you do and remember to send your scores to Miss Jackson.

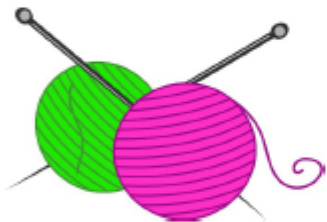

## OTHER ACTIVITIES

- Check Tapestry for Poppy's teddy zip wire idea and Emily's fruity ice lollies.
- RE - We have looked at Christian and Sikh places of worship this year. Have a look at the mosque presentation and colour in the Islamic patterns.

Sort the events under the correct heading.

TAKE LESS THAN AN HOUR

TAKE MORE THAN AN HOUR

Knit a blanket

Watch a movie

Write a book

Bake a cupcake

Have a shower

Eating a sandwich

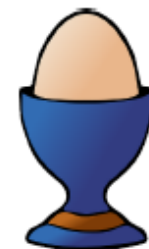

Brushing teeth

Fly around the world

Build a house

Boil an egg

Grow flowers

Blow up a balloon
