## TOPIC

We are going to visit the virtual aquarium.  
Have you packed your lunch and a drink?

Through lockdown the National Aquarium in Plymouth have been bringing the aquarium to the public via their YouTube channel.

Today we will be having a look at some of the tanks and join the animals during feeding time.

Create your own Sealife Centre – use the pictures provided or draw your own. You could also use plastic toys. Remember to make tickets and invite a family member to look around.

Write instructions for how to look after a creature in your aquarium.

## SHOW & TELL

Our show & tell theme this week is BLUE.

To end our Big Blue topic share something that is blue.  
You can upload a picture or write a note on Tapestry.

Try to do some work on each of the tasks but do try and do **more** about the one you like the sound of most.  
**Ask a parent to upload your work to Tapestry.**
