

WREN SIGNPOSTS

ENGLISH

Today, we are going to invent our own dragon.

What will it look like?
Where will it live?
What does it eat?

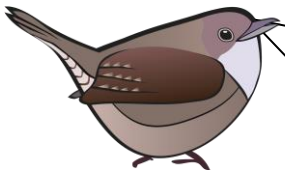

Use the template to help you. You do not need to print this off though, it is just a guide.

Make short notes as we will be writing this up in a full report at the end of the week.

MATHS – SHAPE

Go on a shape hunt around your home and garden. Keep a tally underneath each shape.

What shape do you see the most? Were there any shapes you couldn't find in your house?

Choose the tasks you enjoy. Aiming to complete 3 of these tasks is a successful day!
Ask a parent to email your work for Miss Cole to have a look at or share your work on Starz.

MUSIC

Our wonderful office staff sent out log in information for Charanga Music (let me know if you did not receive this)

Please complete the first lesson.

COMPUTING

Animation – inspired by Sam, Olly, Millie and others, we are going to look at animation. This week we will watch <https://www.bbc.co.uk/bitesize/topics/zbhgjxs/articles/zskthyc>

Then play with drawing lots of pictures or using Lego to make an animation. Next week, we will animate our English work.

SPELLING – This week we will revise 'or' after w. Please complete the spelling activity sheet.

READING – Let's read another myth.
This time it's Fenrir the Wolf (trickier of the two) or Maui and the Magic of Fire.

QUICK MATHS

How many different ways can you make 35?

Try to use addition, subtraction and multiplication.

CREATE A DRAGON
