MATHS CHALLENGE

Cake tin Number bonds

Pratise your number bonds to 10 or 20. You will need 10 or 20 small objects for counting like buttons, beads, sweets. Write the number you want to make in a paper cake case and put it in the end tray hole. Make as many number bonds to that number as you can.

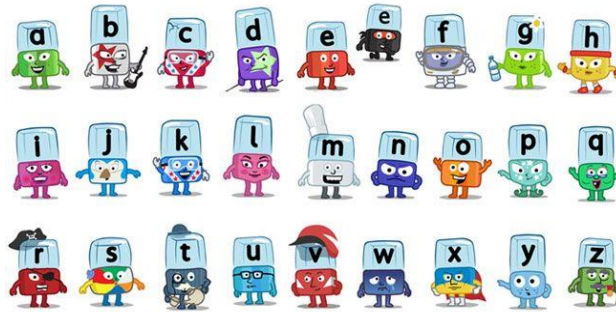

Write down your number sentence for every one you make.

$$10 + 10 = 20$$

$$7 + 13 = 20$$

Choose an episode yourself today.

It's Choosey Tuesday!

Every other week we are going to ask you to make a choice about what you would like to do for Nature Detectives.

Visit the [Woodland Trust Home Learning](#) site and choose one of the 10 activities on offer. There are some lovely activities for you to do as a family or to do on your own. You choose!

PHONICS - Today we are revising the phoneme 'oy' as in 'oi'.

Visit [Phonics Bloom](#) and play Phonics Frog.

Select the 'oy' grapheme and try to get frog across the river safely to get home. The frog can only get across the river on logs with real words. Watch out for traffic as you cross the road!

Music - Visit the Cambs music site [Charanga](#) (logins have been emailed to parents)

You may recognise Charanga from when we use it in school. Ask your adult to click on scheme and find the Your Imagination topic for Year 1. Launch lesson 1.

Activities for Your Imagination

1. Select warm up games and do challenge 1 (you will need space to move).
There will be instructions for you to follow - your adult might need to help.
2. Select listen and apprise - listen to the song Your Imagination and see if you can answer the questions. The lyrics are quite funny!
3. Select learn to sing the song. Follow the words and join in when you're ready.

Plan Do Review - Purple Mash

Visit [Purple Mash](#)

Click on computing and then launch the 2go app we worked on last week.

Today we are going to try challenge 3 - To the Lighthouse

Use the arrows and the number board to navigate your way to each island (where the white circle is). You may make mistakes to begin with. Once you have completed the task try again and see if you can do it quicker or with less mistakes.

Something else to try - Create your own map on paint (click on tools, then paint projects and scroll down to pirates to make your own treasure map).

Reading Corner

Choose a book from home. Read it with your adult. Did your book have pictures? How did the pictures link to the sentences?

Bonus task - Draw your own picture for one of the pages.

A little bit extra - Choose from the two below or do both if you wish!

- Make your own garden out of lego or draw a picture of your dream garden.
- Create your own mud kitchen outside - you will need some old pots, pans, cups etc.

Click here for
[Mud Kitchen ideas](#)

Show what you know or find out what you can about each of the headings. Try to do some work on each of the tasks but do try **and** do MORE about the one you like the sound of most. **Ask a parent to email your work for Miss Jackson to mark.** cjackson@meldreth.cambs.sch.uk
