Dressing Brightly with our Junior Travel Ambassadors

Thanks to all the children and staff for coming to school dressed in colourful, fluorescent and luminous items of clothing as part of our 'Be Bright' Day. This was organised by our Junior Travel Ambassadors to help communicate the important message of being visible and therefore safe when walking, running, cycling or scooting. Thanks to Sustrans for the supply of great prizes!

Our Friendship Run activities took place this week, with a daily Friendship Mile, playground disco, hulathon, chalk art and Disney sing along.

Thanks to those **Year 6 parents**, who joined us for our SATs meeting this week and who collected their CGB revision books (parent support guides) to loan for the year. – you can find all the information we shared on [Hawk class webpage](#).

Parent Consultation Booking is now Open

This is an opportunity for you to come and meet your child's teacher, and for them to provide an overview of your child at school. Remember that you and school staff are a partnership. If you can have regular contact with us and keep the same goals in mind, then your child will see the benefit. Use your MCAS account to book your preferred meeting time. A user guide can be found [here](#).

Thursday 3rd November - Face to face 3:30 – 6pm or **Tuesday 8th November - Virtual** 3:30 – 6pm
Lookout club will be offering a special £1 rate for you to drop children off whilst you are in your face to face meeting - complete our [booking form](#) if you would like a place in our club; we look forward to seeing you in school.

NEW Winter Warmer Menu

School & HCL have been working collaboratively to produce our new winter menu, which will be starting after half term. Take a look on [our school website](#) and don't forget to talk this through with your child and book your child's meal choices on MCAS.

Record your child's reading

Boom Reader is our new online reading journal to better support home/school reading communication. Every child has their own reading journey captured in one place for parents and teachers to share and use to support children's progress in reading. More information and support [can be found here](#).

Research shows that reading every day, whether reading to an adult or independently (along with having books read to them) can have an immense impact on a child's learning across the curriculum and gives them the foundations for future learning. Our school expects that children read at least four times a week for 20 minutes each time. Further information and tips for home reading can be found [on our school website here](#).

Look out for your child's in school successes and next steps and share important information with your child's class teacher on how your child is reading at home. Please encourage your older child Year 4+ to log their own reading, create their own avatar, spend their gems and challenge their friends using the [Go Apps - Pupil Portal](#).
