Reading Corner

Listen to Miss Jackson read [Lost and Found](#) by Oliver Jeffers. Did you like the story? What was the best bit?

Task - If you were to write the story, is there anything you would change about the it?

Topic/Writing activity

On Monday, you wrote sentences about a superhero and villain for your own superhero story. Today we are going to write a story map for your story. A story map should include pictures and an explanation for each picture underneath.

Your story should include-

- Introduction of characters
- Build-up - what happens in the beginning?
- Problem - something goes wrong
- Solution - how does the problem get solved?
- Ending - how will your story end?

Use the example story map attached for Superworm to help you.

The template for your story map can be found on the next page of the resource.

You can write your story over Thursday and Friday if you want to.

TRICKY WORD SPELLING - Visit ICT games to play [The Dinosaur Eggs](#)

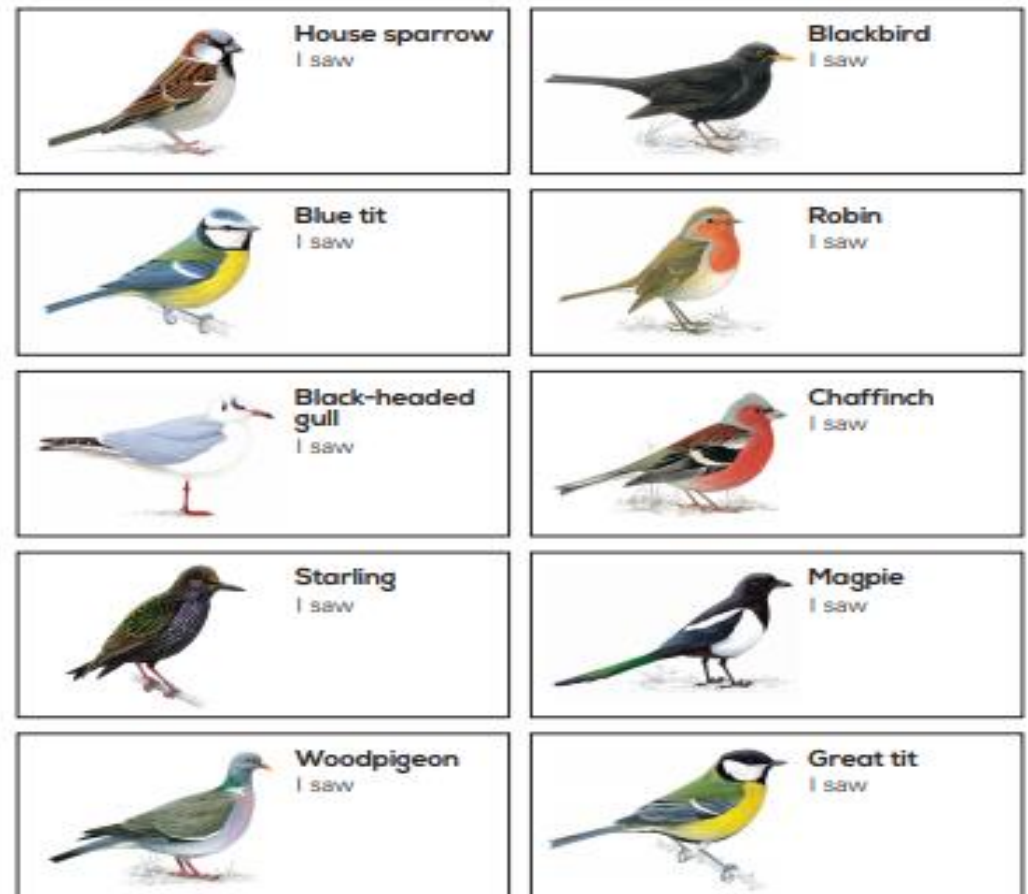

Select from box 1 to 5 to practice reading High Frequency Words. You will be given three eggs. Crack the egg which has the word called out written on it.

SUPER SCIENCE - BIRD SPOT CHALLENGE

Today we are going to make a bird hide using the instructions at the bottom of the signpost. As well as watching the birds in your garden, you could maybe have a picnic in there too!

Use the bird spotter sheet to help identify the birds you see. Is there any particular bird you have seen the most?

Have fun!

MAGNIFICENT MATHS - Money

Pizza Parlour Role-Play

First, make a poster advertising your pizzas. You can use the template provided or make your own. Make sure you add the prices of your pizzas. Don't charge too much though!

Use the attached resources to make your pizzas to sell. Alternatively, you can visit the website below for more options.

<https://www.mrsmerry.com/make-a-pizza-printable-cutouts/>

When you are ready make your pizzas and sell!

Today we are going to continue to working on your knowledge of money by opening and running your own pizza parlour.

Show what you know or find out what you can about each of the headings. Try to do some work on each of the tasks but do try **and** do MORE about the one you like the sound of most. **Ask a parent to email your work for Miss Jackson to mark.** cjackson@meldreth.cambs.sch.uk

How to make a bird hide

What you need:

- old sheet or blanket (dark ones are best)
- one long and two short branches or poles
- string
- clothes pegs
- cushions
- warm clothes
- snacks
- bird feeders and food
- binoculars (optional)

1 Lash the three poles together to make a low frame

2 Cut a small viewing flap and peg it up out of the way

Wear warm clothes, watch and wait...

Tall enough to sit inside

3 Cover with a blanket and peg in place

4 Stock your hide with comfy cushions, a drink and snacks
