

# WREN SIGNPOST

## OUR YEAR IN WREN

Today our free write flashback is a request from James.

Back in January something appeared on the field. Spaceman Lewis and his crew went out to investigate. Wren Class received a desperate message from Bob (the man on the moon) for help. His friends had gone missing.

Don't worry if you can't remember exactly what happened you can use the picture to inspire some writing about our year.

## CREATIVE

Back in January, we all attended astronaut school. We even had the chance to dress up as an astronaut.

For our creative activity today, find a way to show me the planet you would visit if you could.

## MATHS

Our maths flashback today is... TIME

You looked at time with Mrs Morris and she was so proud of the work you completed.

This time, draw the time or write the time below each clock (video to support this [here](#)).

## SCIENCE

I have thoroughly enjoyed teaching you all science this year. Miss Jackson wasn't wrong when she told me I had 29 scientists coming to me in year 2. We are heading back to January and our work on the human body. Use the list to label the skeleton. As an extension to this challenge, try to find the scientific name for some of the bones.

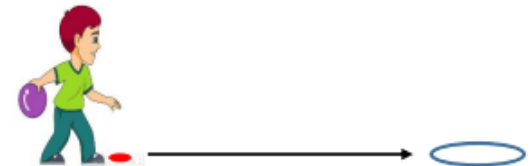

Try to do some work on each of the tasks but do try and do **more** about the one you like the sound of most.  
**Ask a parent to upload your work to Tapestry.**

## SPORTS DAY

Miss Jackson has set us all a challenge to compete in our virtual sports day.  
Fantastic work on our first activity. On to the next one!

### 2. **Get it in the hoop**

Roll or throw a ball from a 3m distance. The aim is to get your ball to stop in the target (hoop or similar). You score 5 points for every successful attempt. How many points can you score in 60 seconds?

Let me know how you do and remember to send your scores to Miss Jackson.

# Maths

Write the time shown on each clock.

\_\_\_\_\_

Draw the time on each clock.

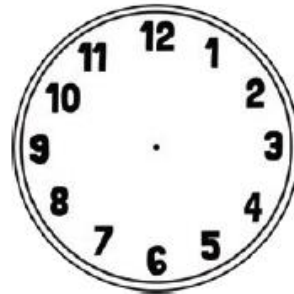

9 o'clock

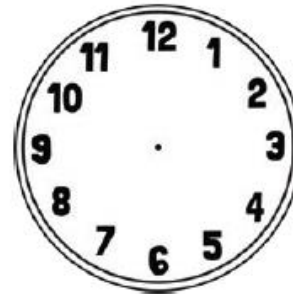

half past 3

10 to 5

25 past 4

quarter past 2

half past 12

20 to 11

3 o'clock

half past 9

25 to 5

quarter to 1

10 to 7

# Skeleton

Use the list to label the bones in the human body.

skull	rib
wrist	elbow bone
breast bone	forearm bone
neck bones	thigh bone
shoulder blade	knee cap
upper arm bone	shin bone
backbone	hip
calf bone	ankle bones
finger bones	foot bones
lower jaw
