

WREN SIGNPOST

OUR YEAR IN WREN

This week we are going to focus on reviewing our year.

We are going to show Miss McGinty what we have done and the activities you have enjoyed.

Each day this week we will have a free write flashback. Our first flashback is to December and our Great Fire of London learning.

We created Tudor style houses and discovered how the fire spread.

Don't worry if you can't remember exactly what happened you can use the picture to inspire some writing about our year.

READING

What is your favourite book?

Can you ask an adult to take a photo of you recreating the front cover or a scene from the book?

Miss McGinty is a big fan of The Day the Crayons Quit. You can hear her reading this story [here](#).

MUSIC & COMPUTING

Use [Chrome Lab](#) or [Busy Beats](#) to create a piece of music to accompany our flashback picture.

If you would like to use instruments you have at home please feel free to do so.

Try to do some work on each of the tasks but do try and do **more** about the one you like the sound of most.

Ask a parent to upload your work to Tapestry.

SPORTS DAY

Miss Jackson has set us all a challenge to compete in our virtual sports day.

We are going to look at the first activity today.

1. Speed bounce

Make a line on the ground.
How many times can you jump side to side over the line in 30 seconds? You score 1 point per jump.

Let me know how you do and remember to send your scores to Miss Jackson.

MATHS

Our maths flashback this week is... FACT FAMILIES

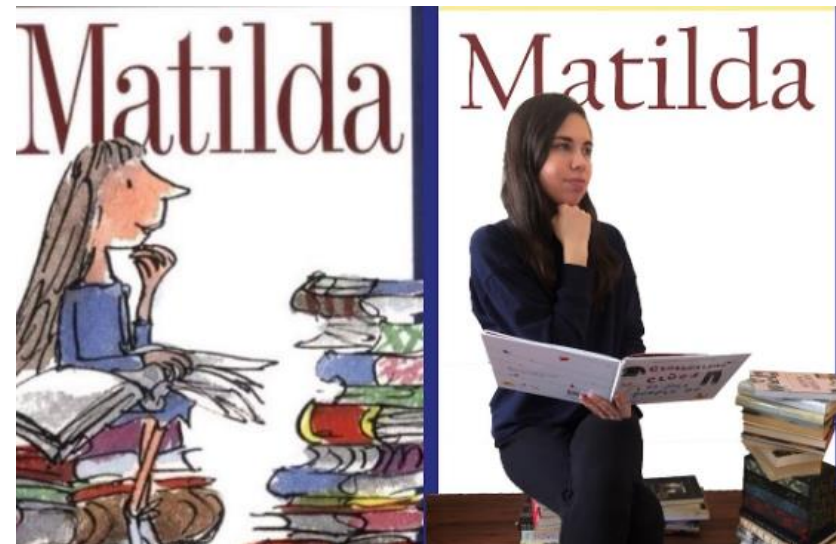

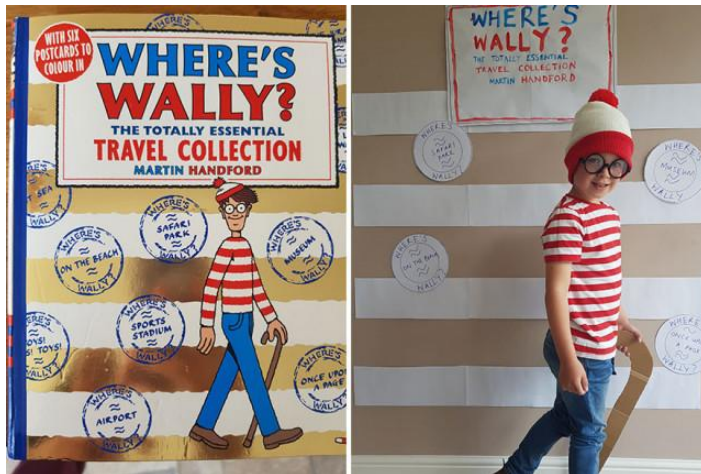

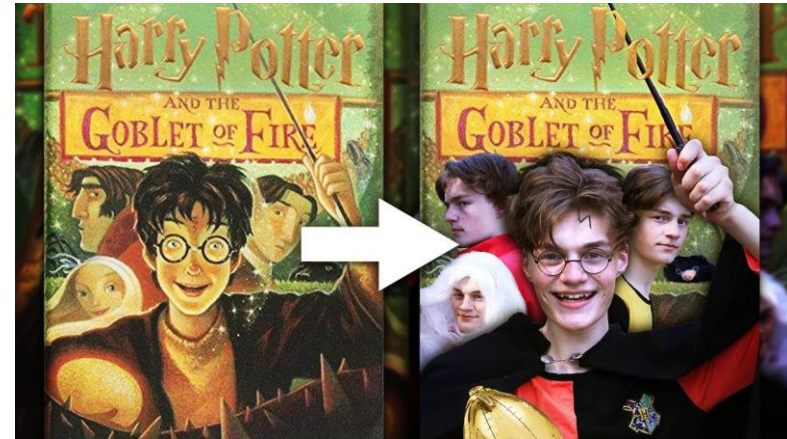

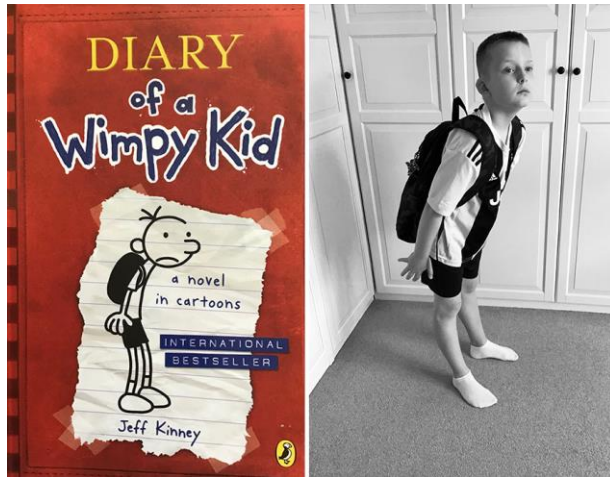

We looked at fact families back in November.

This time, check to make sure the bar model is accurate. If not, correct and then complete the fact families.

OTHER ACTIVITIES

- Use the Spelling Tile function on this site to practise your common exception words.
<https://spellingframe.co.uk/>
- Make your own jigsaw puzzles out of old greetings cards or pictures from magazines. Cut the pictures into large pieces and put them in an envelope as a puzzle to complete

Book Covers

Fact Families

Check these bar models, correct any that need correcting and then write the fact family to match.
