Super Science!

On sports day we use the Olympic motto - Citius, Altius, Fortius, which in latin means faster, higher, stronger. We will be exploring each word through a STEM challenge this week. Today we are going to focus on altius - higher.

Make the tallest tower you can which can stand freely and not be attached to anything. You can use any material you like to build it - lego, junk model, plastic cups! Measure the height of your tower and let Miss Jackson know tall you made it using tapestry.

Happy Wednesday Swift Class!

A big part of our learning in school is literature. Today, my question to you is what is your favourite book? Who wrote it? What happened in it? Why did you like it? What were the characters like?

You could record a message, draw the front cover or make a poster.
