MATHS CHALLENGE

Today we are going to continue working on fractions. I fancy some pizza!

Log in to Purple Mash. Choose games and select Fractino's Pizza Challenge. Fractino needs help making the pizza's. Can you help?

You will need to be confident with your halves and quarters.

Religious Education - Sikhism and helping people

Kind and generous people in the community

Today we will be focusing on people who show acts of kindness in our society. Below is a picture of Fauja Singh. He is 109 years old and he has raised great sums of money for charity running in marathons. He has helped to raise funds for Khalsa Aid International, a foundation who support projects all over the world. Watch this [video](#) to find out how they use their Sikh beliefs to help others. This is just one examples of how Khalsa Aid show their support for people, regardless of who they are.

Activity

Design a medal to award kind and generous people like Fauja and the volunteers who work on behalf of Khalsa Aid to support the wellbeing and health of others.

PHONICS - Time for some phonics revision.

Today we are going to play I spy. Your challenge is to find things in the classroom or at home which contain the following phonemes:

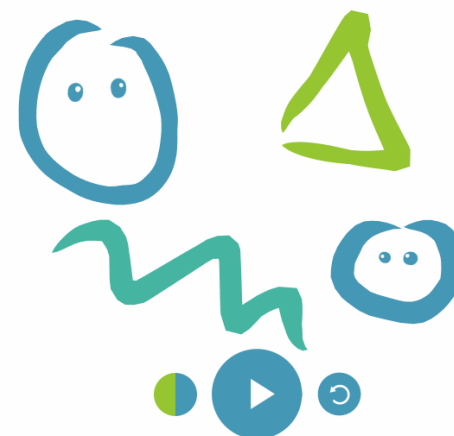

I spy with my little eye something containing...
'ee', 'oa', 'ir', 'ay', 'ar', 'ow' and 'ph'

Music -

Last week we experimented with the music activities on the Chrome Music Lab.

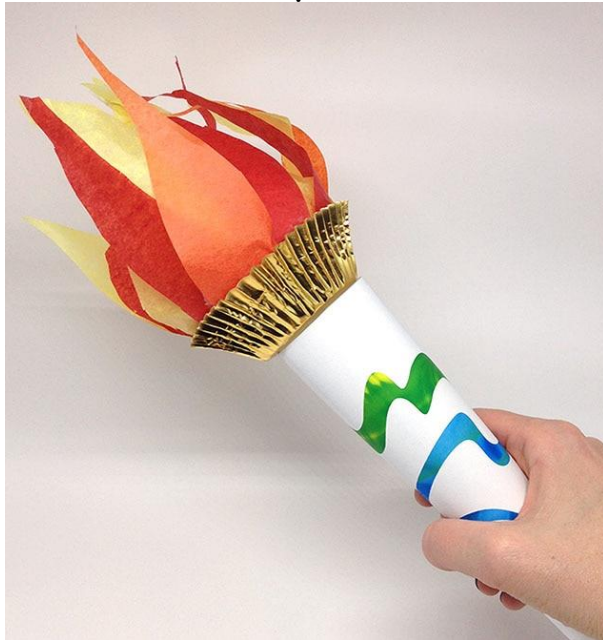

<https://musiclab.chromeexperiments.com>

This week I would like you to create a piece of music using the Kandinsky activity. Draw circles and other shapes on your screen. When you are finished press the play button and listen to your masterpiece!

Plan Do Review

This week is our Virtual Sports Week. Our Olympic Torch is looking a little tired and needs replacing. Can you make a new one for me? Look at the picture below for ideas.

Reading Corner

Read one of your books from home. Are there any words you found tricky to read?

Task - Write down the words that you found tricky and practice reading them every day this week.

Move Up task

Good morning Swift Class! Please draw a picture showing the funniest thing that has happened in Swift Class this year. From Miss Cole
